It is important to have a thorough cleaning done at this time of year if you are planning on using your house during the off-season in order to remove any lingering pollen and dust from the summer. Many of our cleaning products are Green Seal certified to help protect our environment. We also use Miele vacuum cleaners. Miele's wonderful filtration system helps clear your air of harmful pollutants & allergens. When we vacuum, we vacuum under the furniture, under the couch & chair cushions, under the rugs, and inside empty dresser & vanity drawers. We also de-cobweb and dust. In the kitchens we clean the refrigerator, stove, oven, other appliances, countertops, cabinet doors, the sink, and exposed shelving, etc. We clean the bathrooms top to bottom, wash the floors and dust, dust, dust!  EXTRAS (Please check off any that you would like us to do) Clean gutters (We subcontract this out) Recommended if you are concerned about icing, done after the leaves fall. House is reopened in the spring everything will be dusty again! A closing cleaning is a property maintained. There are special tips we have learned over the years that ouse weather our Cape Cod winters and will make for a less time consuming spring uper closing clean will also reduce the chances of various "vermin" from taking up our home over the winter.
